

Twilight Weddings

If a formal wedding breakfast with speeches isn't to your liking then a late afternoon wedding ceremony with drinks reception and canapes is a great option. A late afternoon wedding normally takes place between 3.30pm and 5.00pm

Our main room will host your ceremony and will be set with white chair covers and sashes of your choice. This will take approximately 30 minutes, after which Prosecco and canapes will be served outside on the terrace and you can choose from the many beautiful woodland backdrops to feature in your wedding photos.

A sumptuous evening buffet or hog-roast can then be served by our chef for you and your evening guests to enjoy. The disco will ensure everyone is on their feet and celebrating through until midnight.

Forever Green is licenced for ceremonies with up to 70 guests and has a capacity for 150 in the evening. This package is based on 50day guests and 100 evening but can be adapted to suit your numbers.
